Many Englishmen Are Taking Up an Ancient Old American Rheumatism Preventive.

London.-An extraordinary alleged cure" for rheumatism is being talked of here. The cult of nutmeg carrying as a sort of charm against the disease has increased rapidly of late.

"For a good many years," writes a clubman to the Daily Mirror, "a few people have been carrying nutmegs as a kind of protection against rheumatism, and now many others are following their example. Consequently there has been an increased demand for nutmegs, although the price of them however severely they suffered from rheumatism before, all traces of the trouble ceased as soon as they began er have any recurrence of the complaint so long as they continue to carry a nutmeg on their person. Some have the nut attached to the watch chain by a gold clasp and keep it constantly in the watch pocket; others in neat leather receptacles, which are being made for this express purpose by up-to-date Bond street shops.

"Women-and there are many who A lazy man seldom complains behave caught the nutmeg-wearing craze often have the aromatic charm fixed in a gold or platinum claw and sus-Mrs. Winsiow's Boothing Syrup for Children teething, softens the gums, reduces inflamma-tion, allays pain, cures wind coile, 25c a bottle-th pended by a light chain from the waist or garter."

A Church of England dignitary who has worn a nutmeg for many years, Tommy-What are the seats of the said that the belief in the efficiency of the nut to cure and prevent rheumatism was no mere superstition. He attributed its power to the carminative properties of the oils contained in the kernel-properties which from time Mr. R. M. Fleenor, R. F. D. 39, Otterimmemorial have been known to the natives of the Banda islands, whence er from Kidney Trouble for about 25 come nutmegs.

A London doctor was very skeptical. "It is evidently an old fetish revived," he said. It is absurd to imagine that by carrying a nutmeg you can ward off rheumatism. You might as well carry a stone and put your belief in that. Still, the nutmeg has certain properties as an antidote to rheumatism. Mixed with rum, its essential olls make a liniment that I have known used with success in what is called tropical sore throat—a form of tropical rheumatism."

The representative of a firm of spice merchants said that he had heard of the belief in the nutmeg "antidote." 'As a matter of fact," he said, "a leading member of our firm carries a nutmeg about with him and swears by t as a 'warder-off' of rheumatism."

Farmer Most Cleverly Outwitted, and Then Insult Was Added to Injury.

Two large orchards, side by side, brought much profit to Farmer Turmut, and much trouble. For the orchards were considered fair game by the youth of the village, and two orchards are harder to watch than

One day, looking from one orchard to the other, Turmut saw a small boy shin down a tree, and uttering a word of warning to another imp still up among the apples, ran off. Turmut reached that tree in record

"Got yer this time!" he roared to the boy almost hidden among the leaves. "Come down!"

Getting no answer, and not being in a hurry, he sat down and waited. Time passed, and still he waited. until a servant brought him a note that had just been dropped through the letterbox. He did not wait after he had read it, as follows:

"Some peeple as apples, some as You bin watchin a pare of trowsis stuffed with straw, and we bin gettin' your apples from the other orchard. Grate victory for sence!"

MANITOBA CROP YIELDS

Gladstone, Man., reports that the wheat crop of 1913 exceeded all expectations, 30 bushels per acre was the general yield. The grade was never better. One farmer had 400 acres in wheat, which weighed 66 pounds to the bushel.

On Portage Plains, Manitoba, there were some remarkable yields. Noah Elgert had 61 bushels of wheat per acre; the government farm, 61 bushels; Geo. E. Stacey, 54; T. J. Hall, John Ross and D. W. McCuaig, 50; W. Richardson, 51; M. Owens, 614; Anderson and Turnbull, 60; J. Lloyd, 481/2; Jas. Bell and Robt. Brown, 48; R. S. Tully, 52; J. Wishart, 49¼; Philip Page, 47; J. Stewart, 45; J. W. Brown, 30; Chester Johnson, 44; E. H. Muir, 42; L. A. Bradley, 43; Boddy, 40; Albert Davis, 43; E. Mc-Lenaghen, 37; farming the same land for 40 years, J. Wishart secured a crop of 491/2 bushels to the acre, the best he ever had, and the yield of Mr. Bradley's was on land plowed this spring.

Marquette, Man., Sept. 21.-Splendid weather has enabled the farmers of this section to make good progress with the cutting and harvesting of this season's crop. Wheat is averaging twenty bushels to the acre, with barley forty-five and oats going seventy. There has been no damage of any description.

Binscarth, Man., says: Good reports are coming from the machines of high yields and good sample. The elevators are busy shipping cars every day.

Dauphin, Man., Sept. 13.-Threshing is general the grain is in good shape and the weather is ideal. The samples are best ever grown here, grading No. 1 Northern. The returns are larger than expected in nearly every case. E. B. Armstrong's wheat went thirty-four bushels to the acre, others twenty-five to twenty-seven.

Binscarth, Man., Sept. 3.—Cutting is finished here and threshing is in full swing. This part of the province is keeping up its record, wheat averag-ing twenty-five bushels to the acre.— Advertisement.

Could See the Joke.

Sir George Reid, the former premier of New Zealand, is a very big man. On one occasion he delivered a long speech. In addition to being very long it was very dull. He spoke of his de clining years, and said, emphatically: "In a short time I shall have passed

Punishment to Fit Crime. When Congressman Small was a young lawyer he was once arguing a case before a country magistrate. "Why," said Mr. Small, "the man at the bar, Jones, would just as soon kill me right here before your faces as not.

The old magistrate slowly took out his spectacles, put them on, and peered over to get a good look at the desperate Jones. Then he pointed his finger at him, and said: "You, Bill Jones, if you kill John Small here before me I'll fine you one dollar and fifty cents for contempt of court, durn my soul if I don't!"-Chicago Inter Ocean.

SCALP ITCHED AND BURNED

833 South Scioto St., Circleville, Ohio.-"My little girl's trouble first started on her head in a bunch of little pimples full of yellow-looking matter and they would spread in large places. In a short time they would open. Her scalp was awfully red and inflamed and the burning and itching were so intense that she would scratch and rub till it would leave ugly sores. The sores also appeared on her body, and her clothing irritated them so that I had to put real soft cloth next to her body. She would lie awake of nights and was very worrisome. At times she was tortured with itching and burning.

"I tried different remedies with no benefit for months. I had given up all hope of her ever getting rid of it, then I concluded to try Cuticura Soap and Ointment. The second application gave relief. In a short time she was entirely cured." (Signed) Mrs. Alice Kirlin, Nov. 4, 1912.

This Is Vital to Every Owner

The United States mail carries yearly more than three hundred billion letters free of charge. Maxwell-Briscoe Motor Car

Made at Tarrytown, N. Y. and New Castle, Ind., 1905 to 1913

Also to all Owners of Stoddard-Dayton, 1905 to 1914; Columbia Gasoline and Electrics, 1903 to 1914; Everitt Cars of Any Model; Brush, Sampson and Courier Cars

THEREARETHREE GOOD REASONS why you should have your car overhauled now and worn parts replaced.

FIRST: The garage man can give you better service -and you can spare the car better now than later. No matter whether you are going to keep the car, or sell or trade it in on a new one-it will pay you well to have it thoroughly overhauled, worn parts replaced by new ones and body repainted.

SECOND: We are able to furnish replacement parts for all models of above makes of cars within 48 hours from receipt of order. Have concentrated this branch of the business at Newcastle, Ind. (center of population of the U.S.) Here we have a \$1,750,000 investment in plant and stock. 45,000 separate bins of parts.

THIRD: And perhaps the best reason why you should secure your requirements now—we must increase prices 20% January 1st, when the new parts price lists will be off the presses.

NOW NOTE THIS-Never before in the history of this industry has a new concern, having bought the plants and assets of a bankrupt one, taken upon itself the obligation of furnishing replacement parts for the cars it never made.

THE MAXWELL MOTOR COMPANY DID. We considered it good business, even if not a moral or legal obligation.

WE FOUND 122,000 owners out in the cold, as it were -pleading for parts. Their cars laid up and useless in most cases.

WE'VE INVESTED about one and three-quarters millions (\$1,750,000) dollars in a plant and stock of parts, for over 150 different models, made by the concerns that comprised the United States Motor Company, whose assets we purchased from the Receiver thru the U.S. Courts.

WE TOOK THE NAME MAXWELL solely for the protection of 60,000 persons who had bought cars under that name.

HAD WE CHOSEN AN-OTHER NAME those 60,-000 cars would have had almost no value in the second-hand market. As it is, they have a definite value. And by the replacement of the worn parts your car will be good for a long time to come.

ANY RECOGNIZED DEALER or repair manwhether he handles the present Maxwell line or not -can procure these parts for you. Or you can order direct. Shipment will be made within 24 to 48 hours after receipt of the order at Newcastle.

Write for our booklet, "How to Make Your Car Live Twice As Long," in which we set forth the Maxwell policy to-ward owners of the above mentioned cars. Address
